Work Experience

ReadNumber - Frontend Developer

Dec 2022 - Jul 2023 | Seoul, South Korea

- Built a renewal project to process **3,000 reports monthly** in the back-office, resulting in a **180% increase in revenue**.
- In order to enhance project scalability **without technical debt**, designed and refactored the folder structure.
- Migrated from Javascript to Typescript, improving code maintainability and leveraging the benefits of **static typing**.
- Achieved a **30% reduction in API calls** by utilizing Tanstack-Query to optimize cache and stale times for each API.
- Achieved a **58% reduction(2.5s→1.05s)** in Largest Contentful Paint(LCP) through image optimization using Next/image for improved web loading performance.

Beople - Frontend Developer

Sep 2022 - Dec 2022 | Seoul, South Korea

- Led the MVP project and experienced the **entire product lifecycle** from inception to market release.
- Implemented **responsive design** for screens ranging from desktop size down to as small as 280px for mobile, resulting in a **25% reduction in bounce rate** on the first page and providing a seamless mobile user experience.
- Introduced a multi-filtering feature to provide customized search options and effectively resolved performance issues by utilizing debouncing, memoization, and caching techniques.

Knewnew - Frontend Developer Intern

Aug 2022 - Sep 2022 | Seoul, South Korea

- Improved user experience by implementing a desktop view for the mobile application using React.js.
- Implemented a **social login** feature using **OAuth 2.0**, providing the ability for more users to easily sign in.

Jeju Air - Flight Attendant

Aug 2017 - Aug 2022 | Seoul, South Korea

- Based on **quick problem-solving** abilities and **strong collaborative skills**, achieved 3 consecutive years of top performance evaluations and took on managerial responsibilities ahead of schedule.

Education

Frontend Web Development Coding Bootcamp, Wecode

May 2022 - Sep 2022

- Learned and used technologies such as HTML, CSS, JavaScript, and React.js.
- Collaborated with a team on 2 group projects to build web applications and gained experience in an internship.

B.Eng. Digital Media Engineering, Ajou University

Mar 2012 - Feb 2017

- Completed programming courses, including C and JAVA.
- Completed computer science courses, including data structures and algorithms.
